- And more importantly go and 7 x 24 hotlines

What is Included in Office3

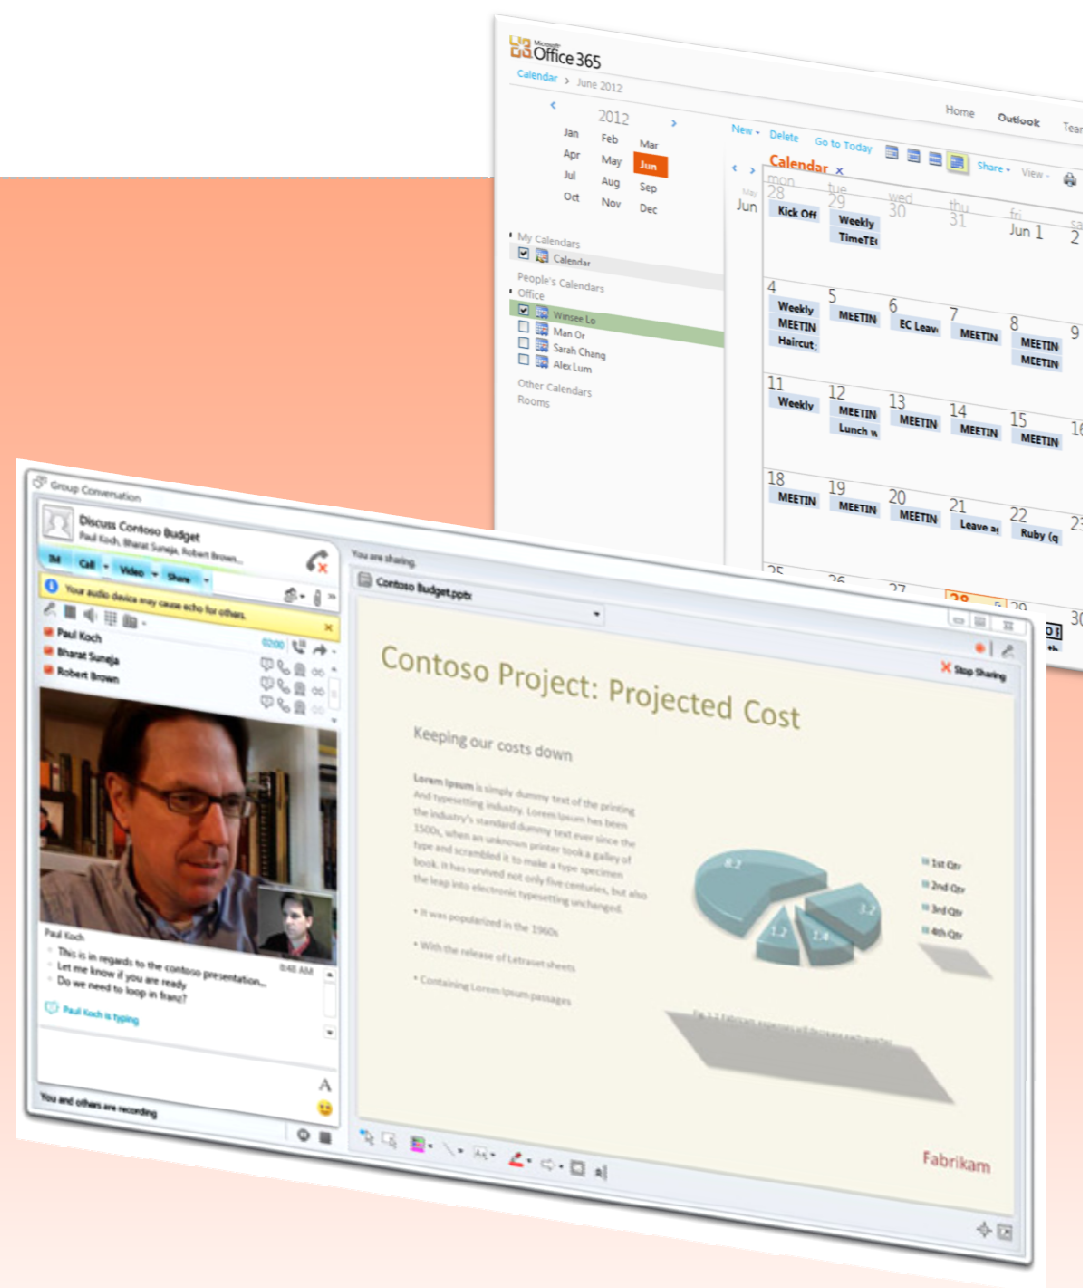

365 Includes....

Microsoft Exchange Online

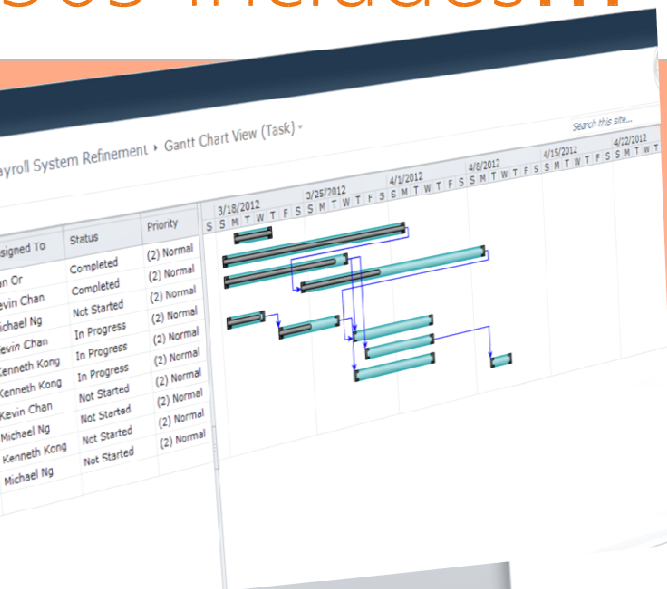

Exchange Online is a cloud-based email and collaboration service that integrates with Outlook Web App and is synchronized across all platforms. It includes features such as Anti-Spam, Calendars, Contacts & Tasks, and mobile email for most mobile devices including BlackBerry, iPhone, and Windows Phone. It offers 1 mailbox per user per month and an unlimited archive (plan 2) with litigation hold function.

Microsoft Lync Online

Lync Online is a cloud-based instant messaging and presence service that integrates with Outlook and Exchange Online. It offers features such as audio and video calling, conversation and phone log / recording, meetings with PC-audio, video conferencing, and file sharing. It is available for 1 seat per month for instant messaging & live meeting. **LIMITED CHRISTIAN HOSPITAL HAS BEEN USING FOR YEARS ALREADY**

365 Includes...

Will it be accepted in the HRIS market in Hong Kong via ClickToMyHR.com?

Hong Kong is kind of 15 years behind the west in the aspect of HRIS utilization.

Goal – to bring enterprise class solution closer to the market and be more affordable,

as Azure provides the confidence to the HR community in the aspect of system security

Media mentions like South China Morning Post, Computerworld etc. are already on our service

attracting many more SMEs already on our public tenant services - "ClickToMyHR.com"

HOW EASY IS IT TO DEPLOY
OFFICE 365? IS IT RELIABLE?
